

Dr. Victoria Dunston, an ordained minister of the Gospel, serves the Lord as co-pastor at the side of her husband, Dr. Reginald Dunston, Senior Pastor of Agape Word Church in Orlando, Fl. Dr. Victoria has earned her honorary doctorate of Divinity from St. Thomas Christian College, Jacksonville, Fl. She sets no limits to who needs to hear God's precious word, taking the gospel to prisons, crisis centers and out to the streets. The ability to love people past their circumstances allows her to minister to all people. She has ministered to countless numbers of people in the United States and internationally in Jamaica, Canada and Holland. She has expanded her ministry with appearances on TBN and The Bobby Jones Gospel Show.

For the sake of the kingdom, Dr. Victoria is positioning herself to be an end time financier of the gospel including but not limited to property investing and various other business ventures. These are just some of the ways this mother, grandmother, and devoted wife puts her faith in action but never sets aside God's calling for her to minister to God's people. She is not intimidated by the call of God on her life and has taken the mantel and all the demands required of it and pressed forward to do the will of God. I trust that you will be blessed as you experience her ministry.
